Coach User's Guide

Introduction

This document is intended to help coaches manage their teams using the SportsSignup online registration system.

In order for the features in this document to apply, you must be registered as a volunteer in the SportsSignup System, and be assigned to at least one team which has been given access to the TeamWALL.

Access to the TeamWALL

Once you have been assigned to a team, and the team access has been set by an administrator, you will receive the following email:

Congratulations, an administrator at Springfield Football has assigned Grace to a Team:

Team Name: **Minor**

Assigned Role: **Coach**

[Login to your TeamWALL](#) to easily access the following features:

- **View/print your roster:** including the names of parents(s)/guardian(s), phone numbers, emergency contact info, etc. Several different roster printing formats are available
- **Post on Team Chat**, a *private* message board for your team only. It's a great place to converse with your team and keep them informed.
- **Send them an email.** There's no need to keep track of family emails or use other email systems - just compose and send.
- **Send time-sensitive info by Text Message.** With easyAlert™, you can send a text message when you make a last minute schedule change, or for other urgent messages. Your message will be delivered instantly to team members that have opted-in to receive texts.

On the go? [Login to TeamWALL on your mobile phone](#) (a smartphone and internet connectivity is required)

For more information on how to do all of these useful things, the [Coach Users Guide](#) will help. If you have any questions about your assignment, please contact an administrator at Springfield Football.

Send Email or **Cancel**

Step	Action
1	If there is more than one email address attached to your account, you may choose which email you would like to use from the drop down.
2	Enter a Subject for your email.
3	Type your email in the Email Message box.
4	Utilize any needed formatting tools from the formatting tool bar (bold, bullets, underline, etc.).
5	If you would like to add an attachment, click on the Insert/Edit File icon and attach a file using the document manager. Tip: Documents are stored in the SportsSignup system and inserted into the body of the email rather than attached to the email. This improves deliverability, decreasing the chance it will be filtered as junk mail.
6	Choose who you would like the emails to be sent to, and click Send Emails Now

How to Send an easyAlert:

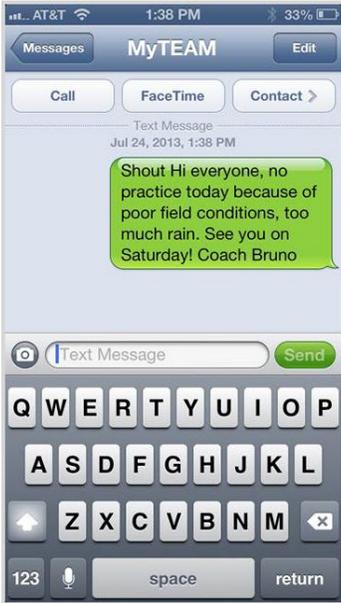

Step	Action
1	<p>Coaches will click View TeamWall next to their team name to access the TeamWall</p> 
2	<p>Select "Text Team"</p> 
3	<p>Compose and Send easyAlert- Coaches have the ability to select the entire team or specific individuals. Team members that have opted-in to text messaging will receive a text while those that have not will receive an email.</p>

How to send a Team Shout

If you would like to send an easyAlert without having to login to your account, you can do so by sending a TeamShout. TeamShout is an easyAlert feature that allows you to easily send an easyAlert to your whole team with your phone through text message.

In order to send a TeamShout, the following requirements must be met:

Requirements to Send a TeamShout
<ul style="list-style-type: none"> • You must opt-in your mobile phone for easyAlert to send messages by text • You must be registered as a team volunteer , in a role with "Team Communicator" privilege • You must be on a team roster • Your team's access must be set by an administrator to "Whole Team" • You must start your text message with the word Shout as illustrated below • The message must be less than 140 characters

Step	Action
1	<p>Compose a text to 698326 (MyTeam) starting with the word Shout</p>  <p>Note: On Android phones, you must text to the number (628326). However, as illustrated above, you can text MyTeam on iPhones</p>
2	<p>Send the message</p> <p>Note: If you coach multiple teams in the SportsSignup database, you will get a reply text asking which team you are sending the alert to and will require your response to send the message.</p>

How to Setup Notification Settings

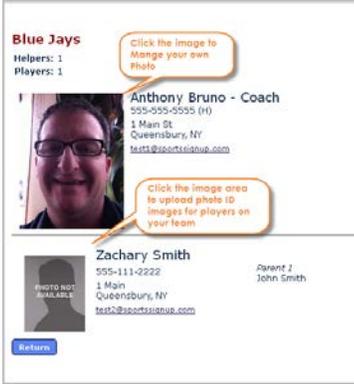

Using Notifications will help you see who will be attending games/practices/other events, and it will also help your parents remember when your scheduled events are, so everyone is on the same page. It works directly with your Team Schedule, so you will need that set up before anyone will be able to receive notifications.

Step	Action
1	Click Notification Settings
2	<p>Attendance Notifications will send your parents an email asking if their child will be attending the event that you check. You are also able to set up when you would like to receive the Attendance Summary, to see who will and will not be attending your event.</p> <p>Parents will also be sent a Email Reminder a certain number of hours before the event.</p> <div data-bbox="332 779 1425 1633" style="border: 1px solid gray; padding: 10px;"> <p>Notification Settings</p> <p>Send Automatic Attendance Notifications This feature lets you know who is coming to the Game/Practice/Other Events The system will send an Email to your Team 7 days, 3 days and 24 hours before an Event. It will ONLY send Emails to those who have not yet entered their availability. (View Sample Email)</p> <p>Attendance Notifications for:</p> <ul style="list-style-type: none"> <input checked="" type="checkbox"/> Games <input type="checkbox"/> Practice <input type="checkbox"/> Other Events <p><input checked="" type="checkbox"/> Send me an Attendance Summary Email <input type="text" value="8"/> hours before each Event</p> <p>Send Automatic Email Reminders The system will automatically send an Email reminder to your entire Team before each Event. How to Print Player Passes (if applicable)

If you have this capability, you will see a Print Passes option on the View Team page. When you click on Print Passes, you will see a page showing the Print Pass history and options to select those passes you would like to print. To print selected passes, click on the **Print Checked** button in the lower left.

Step	Action
1	Click Print Passes
2	Check the name of the players you would like to print
3	Click Print Checked
4	Upon selecting Print, a PDF file is created and displayed that is ready to be printed on card stock. Be sure that your Print Settings are correct so the cards align properly – in the Page Handling section, the “Page Scaling” should be set to NONE, and “Auto-Rotate and Center” should be unchecked.

Event Scheduling

Using Automatic Game Scheduling allows coaches to easily input their team schedules into the system, and publish for team viewing. The events will automatically be made available for viewing by team members; however, coaches are presented with the option of emailing registrants regarding events as well as printing the schedule.

Accessing Game Schedules

Your game schedule is located from inside your account, similar to viewing your team, by clicking the team's name.
